

CHILDREN'S GREEN SESSIONS

Some of the sessions we can bring to your school or children's group

- Climate awareness - The Future We Want (series of workshops)
- Waste heroes - Recycling & the environmental benefits
- Food waste - Composting, Green Johannas & Green Cones
- Learn the art of sewing - Remaking, redesign & repair
- Carbon footprinting - What's your impact?
- Energy conservation & green energy
- Weaving together waste & wildlife
- Grow your own revolution

Do you need help preparing for your Eco School Award? No time to plan green activities for your school? Want to get involved in an environmental awareness campaign? We can help!

Sessions are delivered by Carrie, she is a WSCC Waste Prevention Advisor, trained by Al Gore as a Climate Reality Leader, RHS School Gardening and an Eco School Assessor. She has won many awards for her inspirational green work, in 2017 she was shortlisted by WWF as their Earth Hour Community Hero.

Our mission: To develop a resilient, self-reliant and environmentally aware next generation who live in harmony with nature
