

You can help the environment and the great work of the charity Horsham Matters and Sussex Green Living by recycling any brand or size of coffee refill bags, jar lids, coffee bean bags and coffee sticks, so long as it's empty. Sorry we can't take coffee machine TDISCS or pods. Recycling bins can be located at: Horsham Matters Community Charity Centre, Tanfield Garage, Guildford Road, Horsham, RH12 1TR.

This is a TerraCycle recycling scheme sponsored by Kenco. TerraCycle is a company working with responsible manufacturers to divert billions of pieces of rubbish from our landfills and incinerators. Both of these options produce carbon and other greenhouse gases. TerraCycle either upcycle or recycle the waste into new products, which reduces the need for new materials to be extracted from our planet.

Other recycling schemes coming soon, to learn more visit:
