

CLEAN RENEWABLE ENERGY

Want to reduce your carbon emissions and the effects of climate change?
Move to renewable energy

Sussex Green Living, a community environmental awareness initiative, in partnership with Big Clean Switch, can help you.

Our mission is to inspire people to take action to reduce their impact on the Planet.

We all know climate change is happening and humans are causing it.

The biggest action you can undertake is **move** from non-renewable polluting fossil fuels to **renewable clean energy** generated by water, wind and sun. **AND MOVE FAST!**

It takes less than 5 minutes, and you could save up to £600 per year.

Go to: BigCleanSwitch.org/SussexGreen/

Or contact cort@SussexGreenLiving.co.uk

Or bring your bill to the Horsham Repair Cafe on

1st Saturday of any month 10-1.00pm and we will help you

Help us create a climate for change, not climate change. It will ensure fairer deals on energy for thousands of UK homes, help the British clean energy industry to grow, create jobs and help build an economy we can be proud of.
