

Protect our future

Support the Climate and Ecological Emergency Bill

Developed with members of the successful Big Ask campaign (a Friends of the Earth initiative) and with contributions from eminent scientists, academics and lawyers, the Climate and Ecological Emergency Bill (CEE Bill) was presented to Parliament in September. We now need MPs to support the Bill to give it a chance to become law.

Children and grown ups can colour in our Horsham snow globe and write a message on the reverse to our MP, Jeremy Quin asking that he supports the CEE Bill so that we can protect those at risk now and in the future. Send your snow globe to Jeremy Quin, Gough House, Madeira Avenue, Horsham, West Sussex RH12 1AB.
